

## Concrete Steam Vault in Downtown Baltimore Rebuilt Using Fox Industries Products

www.foxind.com **FN-310**

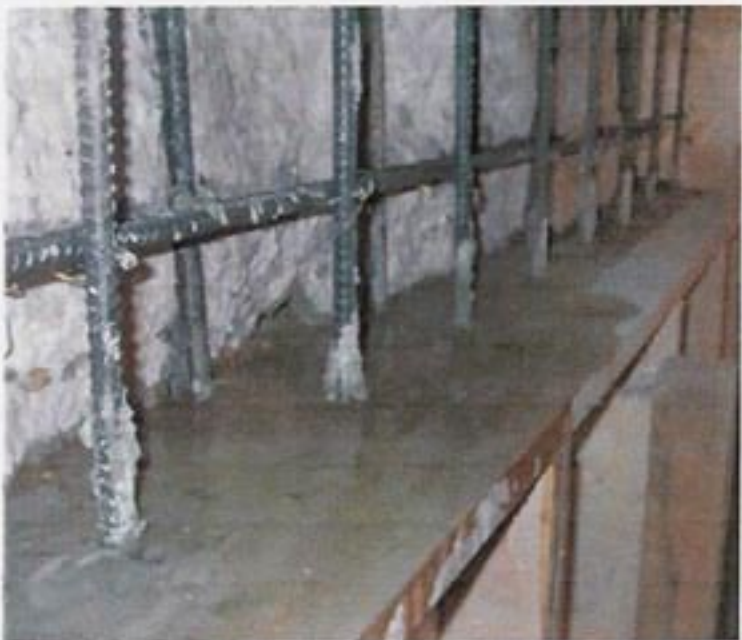

Fox Industries, Inc. • 3100 Falls Cliff Road • Baltimore, Maryland 21211

Steam vault is located under downtown Baltimore street level. View of deteriorated concrete walls and ceiling with exposed reinforcing steel.

View of new reinforcing steel being placed. New and existing steel is coated with FX-408 Zinc Rich Primer for added protection and increased bond.

Walls and ceiling are rebuilt using FX-792 Epoxy Bonding Agent, FX-228 Non-Shrink Non-Metallic Grout, and FX-253 Trowel Grade Mortar.

After repair mortar is allowed to cure, walls and ceiling are protected with FX-460 Primer and two coats of FX-460 Breathable Masonry Coating. Vault is structurally rehabilitated.
