

FX-88 Graffiti Remover

DESCRIPTION:

FX-88 Graffiti Remover is formulated and manufactured for the easy removal of graffiti from surfaces. **FX-88 Graffiti Remover** contains biodegradable solvents and no chlorinated hydrocarbons. **FX-88 Graffiti Remover** works on spray paints, marking pens, crayons and the like, as applied to organic coatings such as oil based lacquers, urethanes and epoxies. **FX-88 Graffiti Remover** is formulated to produce the ultimate effectiveness in an environmentally safe product when used to remove graffiti. It can also be used to clean hand tools and spray equipment without attacking rubber O-rings and washers in spray equipment. **FX-88** will also strip most water based paints.

APPLICATION:

For best results in removing graffiti from surfaces which have not been coated with an anti-graffiti coating such as **FX-441**, it should first be determined if the graffiti composition is of a solvent or water base.

To clean solvent based graffiti, apply **FX-88 Graffiti Remover** by spray or wiping cloth. For stubborn stains, let **FX-88** stand 3 to 5 minutes on surface. After applying, wipe clean with damp cloth.

CAUTION:

Use good ventilation. Avoid inhaling vapors. In case of skin irritation, wash thoroughly with soap and water. In case of eye contact, flush immediately with water and contact a physician.

FOR INDUSTRIAL USE ONLY. KEEP AWAY FROM CHILDREN. 1/2002
